

# Northwestern Energy Rebates

## Residential Natural Gas Rebates

### Natural Gas Equipment

Efficiency Opportunities	Incentive Amount Per		Qualifications
High Efficiency Condensing Boiler	\$700.00	Unit	AFUE ≥ 90% Replaces AFUE ≤ 82% boiler*
High Efficiency Furnace	\$425.00	Unit	AFUE ≥ 90% Replaces AFUE ≤ 80% furnace*
Programmable or Wi-Fi Thermostat	\$70.00	Unit	
High Efficiency Gas Room Heater	\$175.00	Unit	AFUE ≥ 90% Replaces AFUE ≤ 75% room heater* NO Vent Free Heaters
High Efficiency Pool/Spa Heating Boiler	\$550.00	Unit	AFUE ≥ 90% Replaces AFUE ≤ 82% boiler Used for Pool or Spa*
Boiler Pipe Insulation	\$1.00	Linear Foot	R-0 Existing to R-3 Minimum First 6" of Pipe or Pipe in Unheated Space
Hot Water Pipe Insulation	\$1.00	Linear Foot	R-0 Existing to R-3 Minimum First 6" of Pipe or Pipe in Unheated Space
Hot Water Tank Insulation	\$7.00	Tank Wrap	R-0 Existing to R-11 Minimum
Low Flow Showerhead	\$20.00	Unit	1.5 GPM Max Water Sense Labeled Only
Low Flow Showerhead	\$10.00	Unit	2.0 GPM Max Water Sense Labeled Only
Outlet Gaskets/Switch Plate Covers	\$0.40	Cover	Switch Plate or Outlet Gasket Cover on Exterior Walls Minimum 10 per Home
Residential Foam Sealant	\$5.00	Can	

- NorthWestern Energy residential natural gas customers are eligible for the program.
- New Equipment Only. Leased or used equipment does not qualify.
- NorthWestern Energy representatives may verify completed jobs prior to payment.
- Work completed or materials purchased prior to July 1, 2025, will not be accepted under the program.
- Applies to existing homes. New construction does not qualify. Garages do not qualify. Radiant Barriers do not qualify.
- Details of the program, including incentives, are subject to change without prior notice. Incentive amounts are valid through June 30, 2026.

## Natural Gas Insulation

Incentive Amounts Effective July 1, 2025 - June 30, 2026			
Efficiency Opportunities	Incentive Amount Per		Qualifications
Attic/Ceiling Insulation	\$0.92	Sq. Foot	R-11 Existing to R-49 Minimum
	\$0.45	Sq. Foot	R-0 Existing to R-49 Minimum
Basement Wall Insulation	\$0.60	Sq. Foot	R-0 Existing to R-19 Minimum Includes rim joist insulation
Crawlspace Wall Insulation	\$0.60	Sq. Foot	R-0 Existing to R-19 Minimum Includes rim joist insulation
Floor Insulation	\$0.55	Sq. Foot	R-0 Existing to R-19 Minimum Above unconditioned space only
	\$0.85	Sq. Foot	R-0 Existing to R-30 Minimum Above unconditioned space only
	\$0.95	Sq. Foot	R-0 Existing to R-38 Minimum Above unconditioned space only

- NorthWestern Energy residential natural gas customers are eligible for the program.
- New Materials Only
- NorthWestern Energy representatives may verify completed jobs prior to payment.
- Work completed or materials purchased prior to July 1, 2025, will not be accepted under the program.
- Applies to existing homes. New construction does not qualify. Garages do not qualify. Radiant Barriers do not qualify.
- Details of the program, including incentives, are subject to change without prior notice. Incentive amounts are valid through June 30, 2026.

## Residential Electric Rebates

Efficiency Opportunities	Incentives		Qualifications
Air Purifier	\$100.00	Unit	ENERGY STAR® rated or 2.0 CADR/W
Wi-Fi Connected Thermostat	\$70.00	Unit	ENERGY STAR® rated or Smart (Wi-Fi) thermostat, must use NorthWestern electric space heating.
Programmable Thermostat	\$70.00	Unit	ENERGY STAR® rated or Programmable thermostat, must use NorthWestern electric space heating
Clothes Washer	\$80.00	Unit	ENERGY STAR® rated or 4.3 WIF 2.06 IMEF
Water Cooler	\$35.00	Unit	ENERGY STAR® rated, no leased equipment
Central Heat Pump (Ductless or Ducted)	\$450.00	Unit	ENERGY STAR® rated or SEER2 ≥ 15.2 and HSPF2 ≥ 8.5
Hot Water Pipe Insulation	\$1.00	Foot	Minimum of 3 ft, maximum of 12 ft, must use NorthWestern electric water heating
Faucet Aerators for Bathroom or Kitchen	\$10.00	Unit	≤1.5 GPM, must use NorthWestern electric water heating
Low-Flow Showerheads	\$35.00	Unit	≤1.5 GPM, must use NorthWestern electric water heating
Hot Water Tank Blanket/Insulation	\$25.00	Tank Wrap	R-8 minimum, must use NorthWestern electric water heating
Laundry Clothesline	\$0.50	Foot	Minimum of 35 ft
Advanced Power Strips	\$15.00	Unit	Must be "smart" power strip (controls phantom or vampire load)
Engine Block Heater Controls	\$150.00	Unit	Permanent mounted engine block heater control (No timers or portable models)

- NorthWestern Energy residential electric customers are eligible for the program.
- NorthWestern Energy representatives may verify completed jobs prior to payment.
- Work completed or materials purchased prior to August 1, 2025, will not be accepted under the program.
- Applies to existing homes and new materials only. New construction does not qualify. Garages do not qualify. Radiant Barriers do not qualify.
- Details of the program, including incentives, are subject to change without prior notice. Incentive amounts are valid through June 30, 2026.
- Customers are encouraged to obtain multiple bids to compare price, product, service, product performance characteristics and contractor warranty.
